Spring is here! A Blue Jay is building his nest outside our window-definetely a sight to behold.

Ham Of The Month- Our Ham this month is N8EAD Matt Thomas. Matt was very helpful with the curious little ones who came to our mall show. Matt showed them how to send their name in code. Matt, thanks for helping out and Congratulations.

Guest Editorial this Month comes from Ron Gwynne WC8F

I am very pleased with the way that the Alliance Amateur Radio Club is going. Who would have thought that in a few years we would have about 70 members and accomplished as much as we have. I also like the way that the AARC put on the Mall show. A lot of people worked very hard and I think they had a good time. I know that I enjoyed telling people about amateur radio. The annual election of officers will be after the regular meeting on May 2nd. I would like to see more of our members take part in the elected offices and committees of the club. The more input and ideas the better the meetings and projects will come together. If anyone has any ideas or projects for the AARC please contact any officer or trustee. The hams of Alliance have been very easy to work with and make a trustees job very easy.

Thanks Ron! He's right 100% -The Annual meeting should be on everyone's mind about now. It's important to be there to elect the officers who will represent the club for the next year.

Don't forget the May meeting, as we will have a lot of important business to cover. Plans will be made for this years field day, and of course we will be holding elections at a special meeting directly following the regular meeting. Don't forget to fill out your membership application and bring it to the May meeting. The meeting is May 2, 1988 First American Bank Building at 7:30.

Callsigns- Here's the callsigns from last month along with this month's allocations.

WB8S(27) KE8QJ(13) N8JFK(67) KB8ECJ(156)  
WD8X(57) KE8QZ(16) N8JJE(98) KB8EJW(195)

NOTE- the numbers in parenthesis are the number of callsigns issued during the month. Special note to any extras who are waiting to change they're call. Better hurry, cause next group will begin with AA8AA.

FOX HUNT-We held the first hunt of the year, on Saturday, April 16'th. We had 10 Participants representing the Canton & Portage clubs, as well as our own. The group consisting of Ron(WC8F), and Eric(N8HHV) Gwynne, and Scott Wearstler(N8EYM), took first place, with Bill Hertzell(N8HUQ) coming in less than one minute later, representing the Portage club. The fox was hiding at Deer Creek, and had the transmitting antenna cleverly disguised as a stand of trees. Afterwards, we all adjourned to Bonanza for steak, and tall stories.

The funniest stories seem to come out after the hunt, though. For instance, how many were aware that the Ohio National Guard was only a few miles away, holding their own radio-direction finding exercise. The only difference between them and us, was the guns and the camouflage.

Of course the first place team, gets to plan the next fox hunt. Keep watching your Zero Beat for more info.

BUT IF YOU CAN'T WAIT for the next Zero Beat, to find out what the AARC is doing, the next best thing is the Eastern Stark County ARES net. This net is now in it's 16'th month, and meets every Thursday night at 9:00 P.M., on 145.370(N8DZA/R). New check-ins are always welcome. As a matter of fact, old check-ins are always welcome too!

### TRADING POST

The following equipment is for sale as a package.

- \* Kenwood TS-520 SSB transceiver, 3.5-29.7MHz (used less than one hour)
- \* Kenwood SP-520 speaker
- \* CDE ham 11 rotor
- \* TA33 Mosley 10-15-20 beam
- \* 40 meter dipole antenna
- \* Shure microphone, model 444
- \* 30' tower (less ground base)
- \* Dentron super tuner 160-10 meters @ 1KW

You remove tower with tri-band and rotor. Remove one bolt, attached to ground base, embedded in concrete, and tower will hinge to ground for easy removal.

Must sell complete station, including coax and rotor wiring for \$600. Contact Sam Simon(WB8ZQX) at (216)799-8464
