Winter Field Day

Welcome to another issue of the Zero Beat. This is a Monthly newsletter devoted to announcements of upcoming news, & events of interest to members of the Alliance Amateur Radio Club. More information on the Alliance Amateur Radio Club can be found on our website at www.w8lky.org. I'm your editor, John, KD8MQ.

Unless otherwise noted, feel free to copy anything you see here for use in your club newsletter. All we ask is that credit to be given to the Zero Beat.

KD8MQ Rambling

Hi everyone,

Well, here we are again. My apologies for the mid-month intrusion to your In-box, but we have something coming up that I want to share with you.

Next weekend the club will be participating in winter Field Day, and we can sure use everyone's support. The following article should explain everything. If you have any questions, please contact Rex, NX8G.

One note, though. The long-range forecast calls for great weather with highs in the 40s, so at least stop out to say hi.

73,

The Alliance Amateur Radio will again participate in Winter Field Day this year, and everyone is invited!

The first Winter Field Day was held in 2007, and continues to grow more popular each year. This is WFD's first year under the guidance of the [Winter Field Day Association](#). Besides [their website](#), there is also a [Winter Field Day Facebook group](#) for the latest updates.

The Alliance ARC's station will again be set up in the memorial building at the Sebring Campground. The address is 895 McKinley, in Sebring. The driveway is at the corner of Lake Park Blvd, and Texas Ave, in Sebring.

Winter Field Day is held on the weekend of January 30/31. We will be setting up beginning around 10 AM on Saturday, and preparing to put 2 or 3 stations on the air from Noon Saturday, to Noon Sunday.

There will be a covered dish dinner on Saturday at 5 PM. Please plan to come out and enjoy the three Fs (Food, Fun, & Fellowship).

One note, though; The event may be cancelled in the event of heavy snow. This is the compground owners rule; not ours. If we get snow that weekend, please give a call on 145.37 before you head out.

Any questions can be directed to [Rex, NX8G](#). His phone number is 330-832-0609.
