

The Week ahead (August 4, 2024)

A weekly newsletter from the Alliance Amateur Radio Club

First up

Whew!

Lots of things completed in the last week, and a few new ones beginning.

The biggie for me was the Ohio Section Website (<https://arrl-ohio.org>). I've been working on updating this for the past few months. I was progressed to the point of taking it live a few days ago. Now to catch up on all of the stuff I've let slide. Please check out the site. While you're there, take a moment to sign up for the monthly ARRL Handbook give-away.

Next on the agenda as far as websites go is to get the registration form up and running for the Tech classes that are planned for next month. I plan to have that form up and running by morning.

Our W8LKY Special Event began on August 1st. Tony has been working stations almost daily.

Our Get On The Air day will be Monday (August 5th). We'll have a couple stations on the air, and you'll be able to experience the fun of operating a Special Event. Don't worry if you are mic

shy. We'll be there to help you through it. I'll be at the Silver Park JayCee Pavilion around 5pm(maybe sooner). We'll set up some stations, and get on the air.

Throughout the run of the Festival, Any club member is welcome to operate using the club call. I only ask a few things:

- 1) Operate within your license class. Remember your regs!
- 2) Give me a heads up to let me know you'll be running.
Although we can have more than one person on the air at the same time, I need to know who's out there.
- 3) Send me your logs when it's all done. I prefer electronic logs, but if all you have are paper logs, then I'll take them and enter them manually.

The folks we contact can e-mail us requesting a certificate via E-mail.

Full info is on our website at

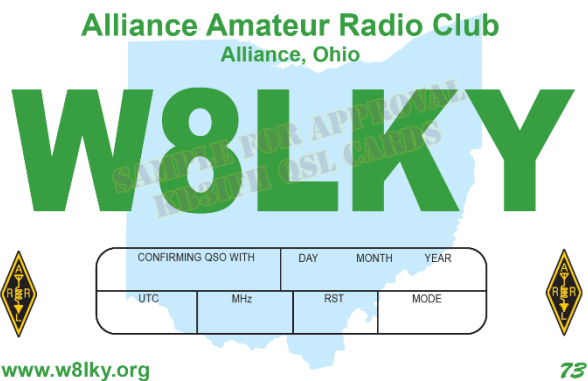

<https://www.w8lky.org/activities/special-event-operations/>

I hope for this to be a fun activity for us. You can run W8LKY on your own, or with friends, but let's get it on the air. The Special Event period is August 1st through the 11th.

Carnation Parade

On August 10th, we two events going.

First, We're running a communications net for the Grand Parade, Contact Ron, KE8HCY if you'd like to sign up to help

Second, Pam Kleinhans will be in charge of decorating the club trailer, so it can be in the parade. She's lined up walkers to accompany the trailer, and hand our promotional info about the club.

We are the Alliance Amateur Radio Club, established in 1986.
Interested in amateur radio? Let us help.
We provide communication support for races and parades in the Alliance area.
Our yearly fundraisers benefit charities in the Greater Alliance Area.
Ham radio operators are prepared to assist the Red Cross, FEMA, and other agencies during emergencies.
Each fall, we offer classes to help you pass the entry-level (Technician) license exam.
Our 2024 classes begin in September. Visit our website (w8lky.org) for more information.

KE8JFH QSL Cards

The Cards and T-shirts for the walkers have arrived. See Pam for more info.

Also, those who are helping to decorate the trailer for the parade should plan to be at Jim's (KE8VZE) house at 6 PM on Thursday. In case you've not been there before, Jim lives at 1169

Overlook Dr, Alliance. What does not get done on Thursday, will be completed on Friday at 6 PM.

For Sale - At our next meeting, we have another item on the agenda. We'll be discussing the sale of some club equipment that is no longer needed.

- Yausu FT-1000MP
- Yaesu FT-920
- Drake MN-2000

I'll also have some small amount of stuff for give-away.

Where to find The Newsletter

You can read the back-issues of our newsletters on the website. Everything that we have in PDF format is now available on the website at <https://www.w8lky.org/newsletter/>

I still have lots of things to scan from the old days. You never know what might show up.

BTW, if you have any old print issues of the newsletter, please let me know before you pitch them. I would love to archive this stuff.

AARC Club Breakfast

Our monthly breakfast is held at 8:30am on the first Saturday of each month. We meet at Don Panchos (2105 W. State St, Alliance). Officially, the breakfast starts at 8:30am, but I'm always amazed at the number of folks who show up at 8am.

The breakfast is open to all. All that is required is an interest in Ham Radio. Everyone is welcome, regardless of when you show up.

Stark County Radio Club picnic – Save the date for Saturday, August 31st, 2024 from 10am –3pm. We will be at the Jaycee Shelter in Butler Rodman Park.

Plans are still being made at this time, and I’m open to suggestions. At time of year, I’d bet that corn will be on the menu.

W8LKY Special Event

During the Carnation Festival (August 1st – August 11th), we’ll be putting W8LKY on the air as a special event station. We’ll be offering some in the park opportunities, and you will be able to sign up to run the callsign from your own station.

People who we contact can then request a certificate via E-Mail (for free), or a certificate & QSL card via Mail (With a SASE & \$1).

Details are posted on our website (w8lky.org), and our QRZ page (<https://www.qrz.com/db/W8LKY>).

Aug. 1 – Aug. 11, 0000Z – 2359Z, W8LKY, Alliance, OH. Alliance Amateur Radio Club. Carnation Festival Special Event. 7.050 7.220 14.050 14.250. Certificate. Alliance Amateur Radio Club, P.O. Box 3344, Alliance, OH 44601. w8lky.radio@gmail.com, www.w8lky.org, or www.qrz.com/db/w8lky

From the August issue of QST.

Get On The Air Day – August 5th

We'll be holding another Get on the Air Day the JayCee Pavilion in Silver Park. Time will be about 5pm (maybe earlier) till whenever.

We'll set up a station or two, and demonstrate how to run a Special Event. This will be a great time to hang out and enjoy our beautiful park system while playing radio.

We aren't doing a cookout, or bringing food, so plan accordingly.

Carnation Festival Grand Parade

As we've been doing for the last few years, the club will be providing parade for the Greater Alliance Carnation Festival Grand Parade on Saturday, August 10th. To sign up, please contact Ron, KE8HCY.

Also, we'll again have the club trailer decorated and entered as a float in the parade. Pam Kleinhans has volunteered to decorate the trailer and orchestrate that part of our participation. She'll need help from all of us, so let's give her our support.

Wednesday Morning Coffee Break

A group of our retirees (and 2nd shifters) gather each Wednesday morning around 9 AM at the Alliance Sheetz on W. State St for good coffee, and conversation.

Hope you can join us.

The Alliance Amateur Radio Club seeks to

- Promote fraternalism
- Educate and advance radio knowledge and individual operating efficiency
- Provide public service communications in the event of disasters or other emergencies
- Conduct club programs and other activities that advance the general interest and welfare of amateur radio in our community, county, and state.

What's up with the ARRL?
